HELLO!

Hey everyone it's CRINGEY and OMG it's time for another zine! If you haven't noticed, you are holding the summer 2017 (holy hell... 2017 already?!?) issue, and if you look around, people are probably noticing how cool you are. That is the goal, at least.

SO what's happened since the last time we talked? UH everything! Where were you when they closed down the main intersection and started building the bridge? I'll tell you where I was... Game Galaxy in Smyrna. BAH GAH if you haven't been there yet do yourself a favor and go-a-go-go! You'll thank me later after you try the KISS pinball machine.

All the empty shops on the Murfreesboro square are still empty and have brown paper on the windows. It looks fantastic! If you like brown paper, head to Church Street. Take a selfie and tag #culturecringe!

People are painting rocks with all kinds of kooky designs and hiding them all over town. It's like a year round easter egg hunt for those in the know. Watch out for rocks.

There are apparently a ton of chicken restaurants coming to town. You can thank Nashville for that.

Rent and home prices are at laughable high levels. You can thank Nashville for that.

Depeche Mode are coming to Nashville in September. You CAN'T thank Nashville for that since the last time they came in 1987 only 2,500 people showed up at a 15,000 seat amphitheater. We aren't complaining because we'll be there, and if you see us you can buy us a $15 beer.

The great American eclipse is coming and I've seen the movie "Night of the Comet" and that scares the shit outta me.

Our friends at Media Rerun, Century 21, and Waxface Records have been killing it with their selection lately. Go buy some music!

Our favorite band is still Oingo Boingo. That's all, thanks.

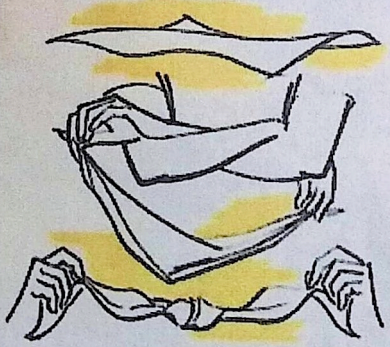
CRINGEY'S MAGIC CORNER

THE KNOT IN THE HANDKERCHIEF

How can you pick up a handkerchief—one end in each hand, tie a knot without releasing the ends?



Secret—just fold your arms before you pick up the handkerchief. When you unfold your arms there is the knot.

SEPT 30 AT THE END

DR. GANGRENE'S HALLOWEEN HOOTENANNY

SEE THROUGH YOUR HAND

Would you like to be able to see right through your hand? Well, with this trick you can. Roll up a piece of paper into a tube and hold it as in the picture. Look through the tube and KEEP BOTH EYES OPEN. You'll see a hole the size of the tube in your hand.
